

Manzoor Ahmad Reshi

Sr. Software Engineer

SUMMARY

Dedicated and skilled Senior Software Developer with over 8 years of experience in the field, seeking to leverage expertise in ASP.NET, ASP.NET MVC, .NET Core, SQL Server, and other technologies to contribute effectively to innovative software development projects.

Kashmir University (Information Technology)

Kashmir University, the information technology and support System (ITSS) was set up on the campus in December 2007 to automate the operations of the Campus.

My Role: To Develop, Design And Code an online solution/s for the university's processes like Administrative work as well as for Academic Activities.

Professional Experience:

04/2016 – Present

- Spearheaded software development projects, focusing on enhancing the university's technological infrastructure.
- Utilized ASP.NET and ASP.NET MVC with C# and VB.NET for web application development.
- Employed Entity Framework for efficient data access and management in ASP.NET MVC projects.
- Developed RESTful Web APIs using .NET Core to facilitate seamless communication between various systems.
- Designed and implemented front-end interfaces using HTML, CSS, Bootstrap, JavaScript, MVC, and Angular, ensuring optimal user experiences.
- Leveraged SQL Server for database management, including writing T-SQL procedures, triggers, views, and optimizing queries for performance.
- Implemented Crystal Reports for generating detailed reports in ASP.NET projects.
- Utilized version control systems like Git and GitHub to manage source code efficiently.

ACADEMIC BACKGROUND

Master In Computer Application (MCA).

2014

Kashmir University.

B.Sc In Information Technology (BIT).

2010

S.P College (Kashmir University).

12th

2007

(JKBOSE).

10th

2005

JKBOSE

CERTIFICATES

Ducat (Development training institute)

Six weeks .NET training.

Microsoft DreamSpark

Participation in Microsoft new technologies Awareness
